May 2, 2023

To: The Residents of the Bernards Avenue Neighborhood

On or about Monday, May 8, 2023, the Borough will begin reconstructing the roadways of Bernards Avenue, Maple Street Extension, Lower Garibaldi Street, Grove Street, and Mine Avenue. Working hours for the Contractor (ADG Contracting) will be Monday through Friday, typically from 7:30 am to 5:00 pm.

Access to driveways will be maintained during construction but may be limited at times during certain phases of work. The Contractor and or a representation from the Borough/Borough Engineer's office, will give specific, advanced notice when a driveway will need to be closed.

The reconstruction of the aforementioned roadways will include the installation of storm-water drainage, the installation of curbing and the reconstruction/repaving of these roadways.

It is the intention of the contractor to begin with the drainage work on Mine Avenue, which will include the intersections of Maple Street Extension, Lower Garibaldi Street, and Grove Street. This will be followed by drainage work along Bernards Ave, which will include work at the intersections of Grove Street, Maple Street, Garibaldi Street, West Street, Hill Street and Center Street.

This work will be followed by the installation of curbing throughout the neighborhood, Bernards Avenue, Maple Street Extension, Lower Garibaldi Street, Grove Street, and Mine Avenue.

The final phase of the project is the driveway repair and the reconstruction and paving of the roadway. We will be providing additional details as we approach this phase of the project.

Bernardsville Police will be on-site daily to assist residents with detours.

It is anticipated that the project will take place over approximately three (3) months, thanking you in advance for your cooperation and patience.

Thank you,

*Doug Walker*
