

**FREE ELECTRONICS
RECYCLING EVENT, FREE TREES, AND
WELL TESTING KITS AVAILABLE.
ALL 3 EVENTS ON APRIL 28.**

DATE: Saturday, April 28

TIME: 8am – 12 noon

WHERE: Bernards High School
parking lot, 25 Olcott Ave, Bernardsville

The **FREE** recycling event features drive-thru service and off-loading of your items from your car, making recycling your old computers, printers and other electronic waste as easy as possible. All area residents, businesses and organizations may participate.

The re-cycling of the “e-waste” will be handled by Somerset County recycling. For a complete list of accepted materials, visit <http://www.co.somerset.nj.us/home/>

The **FREE** tree seedlings will be distributed by the Shade Tree Committee to Bernardsville residents while they last. The trees are hardy NJ natives grown by NJ State Forestry to replace trees lost by Super Storm Sandy; in conjunction with the National Arbor Day Foundation, BJ’s Wholesale Club, Canon, and FedEx.

What’s in your water? It’s time to test your well!

The Bernardsville Environmental Commission will partner with nonprofit clean water advocate Raritan Headwaters to offer well water testing to citizens at below-market cost. Kits will be available from 8am-12 noon.

Residents can purchase a “basic kit” for coliform bacteria and nitrate for \$60. Testing is also available for other contaminants including lead, arsenic, and radon at an additional cost. Visit www.TestMyWell.org for more information.

**Hosted by the Bernardsville Borough Green Team
Don’t miss any one of these three events on April 28!**
