The Bernardsville Municipal Pool is offering swim lessons for two sessions: **Session I:** June 25th– July 6th; **Session II:** July 9th– July 20th. We recommend that parents sit in an area other than the training pool during lessons.

Course Description

PARENTS PLEASE NOTE: All swimmers will be separated by instructors into Beginner 1, 2 and 3 skills classes (according to tested ability) on the first day of class. This will be your child's class for the duration of their lessons.

Swim lessons for beginners and Advanced Beginners age 4 and up– provided that the child is comfortable in the water. The object is to teach students a basic knowledge of swimming and water safety. Once each swimmer has been divided into his or her group, the instructor will teach lesson plans according to their level.

Beginner 1

Children will be taught elementary aquatic skills. This will include: learning to do a supported kick and float on their front and back, beginner stroke, be able to fully submerge face underwater for 3 seconds, and bubble blowing.

Beginner 2

Children will be taught the fundamental skills of floating, flutter kick on their front and back and beginner freestyle and backstrokes. The swimmer should be able to glide and kick with their face in the water.

Beginner 3

Children will be taught freestyle with rotary breathing, backstroke, elementary backstroke, treading water and will begin to learn how to dive.

Advanced Beginner

If your child already demonstrates that he or she has mastered all of the Beginner skills and is capable of swimming freestyle and backstroke unassisted approximately 30 feet and can swim underwater, parents should place them in our Advanced Beginner swim program. At this level, the child will be taught to increase their endurance by swimming longer distances in freestyle and both elementary and traditional backstroke. The breast stroke and turns will also be introduced.

PLEASE NOTE: Parents should only specify whether their child will participate in the Beginner program OR the Advanced Beginner program. Instructors will subdivide them accordingly on the first day of lessons.
