

# Transit Village

An aerial photograph of a town, likely Bernardsville, showing a mix of residential and commercial buildings. The town is surrounded by a dense forest of green trees. In the foreground, there are several large parking lots, a street intersection, and a railway line. The sky is clear and blue.

**Prepared by:**

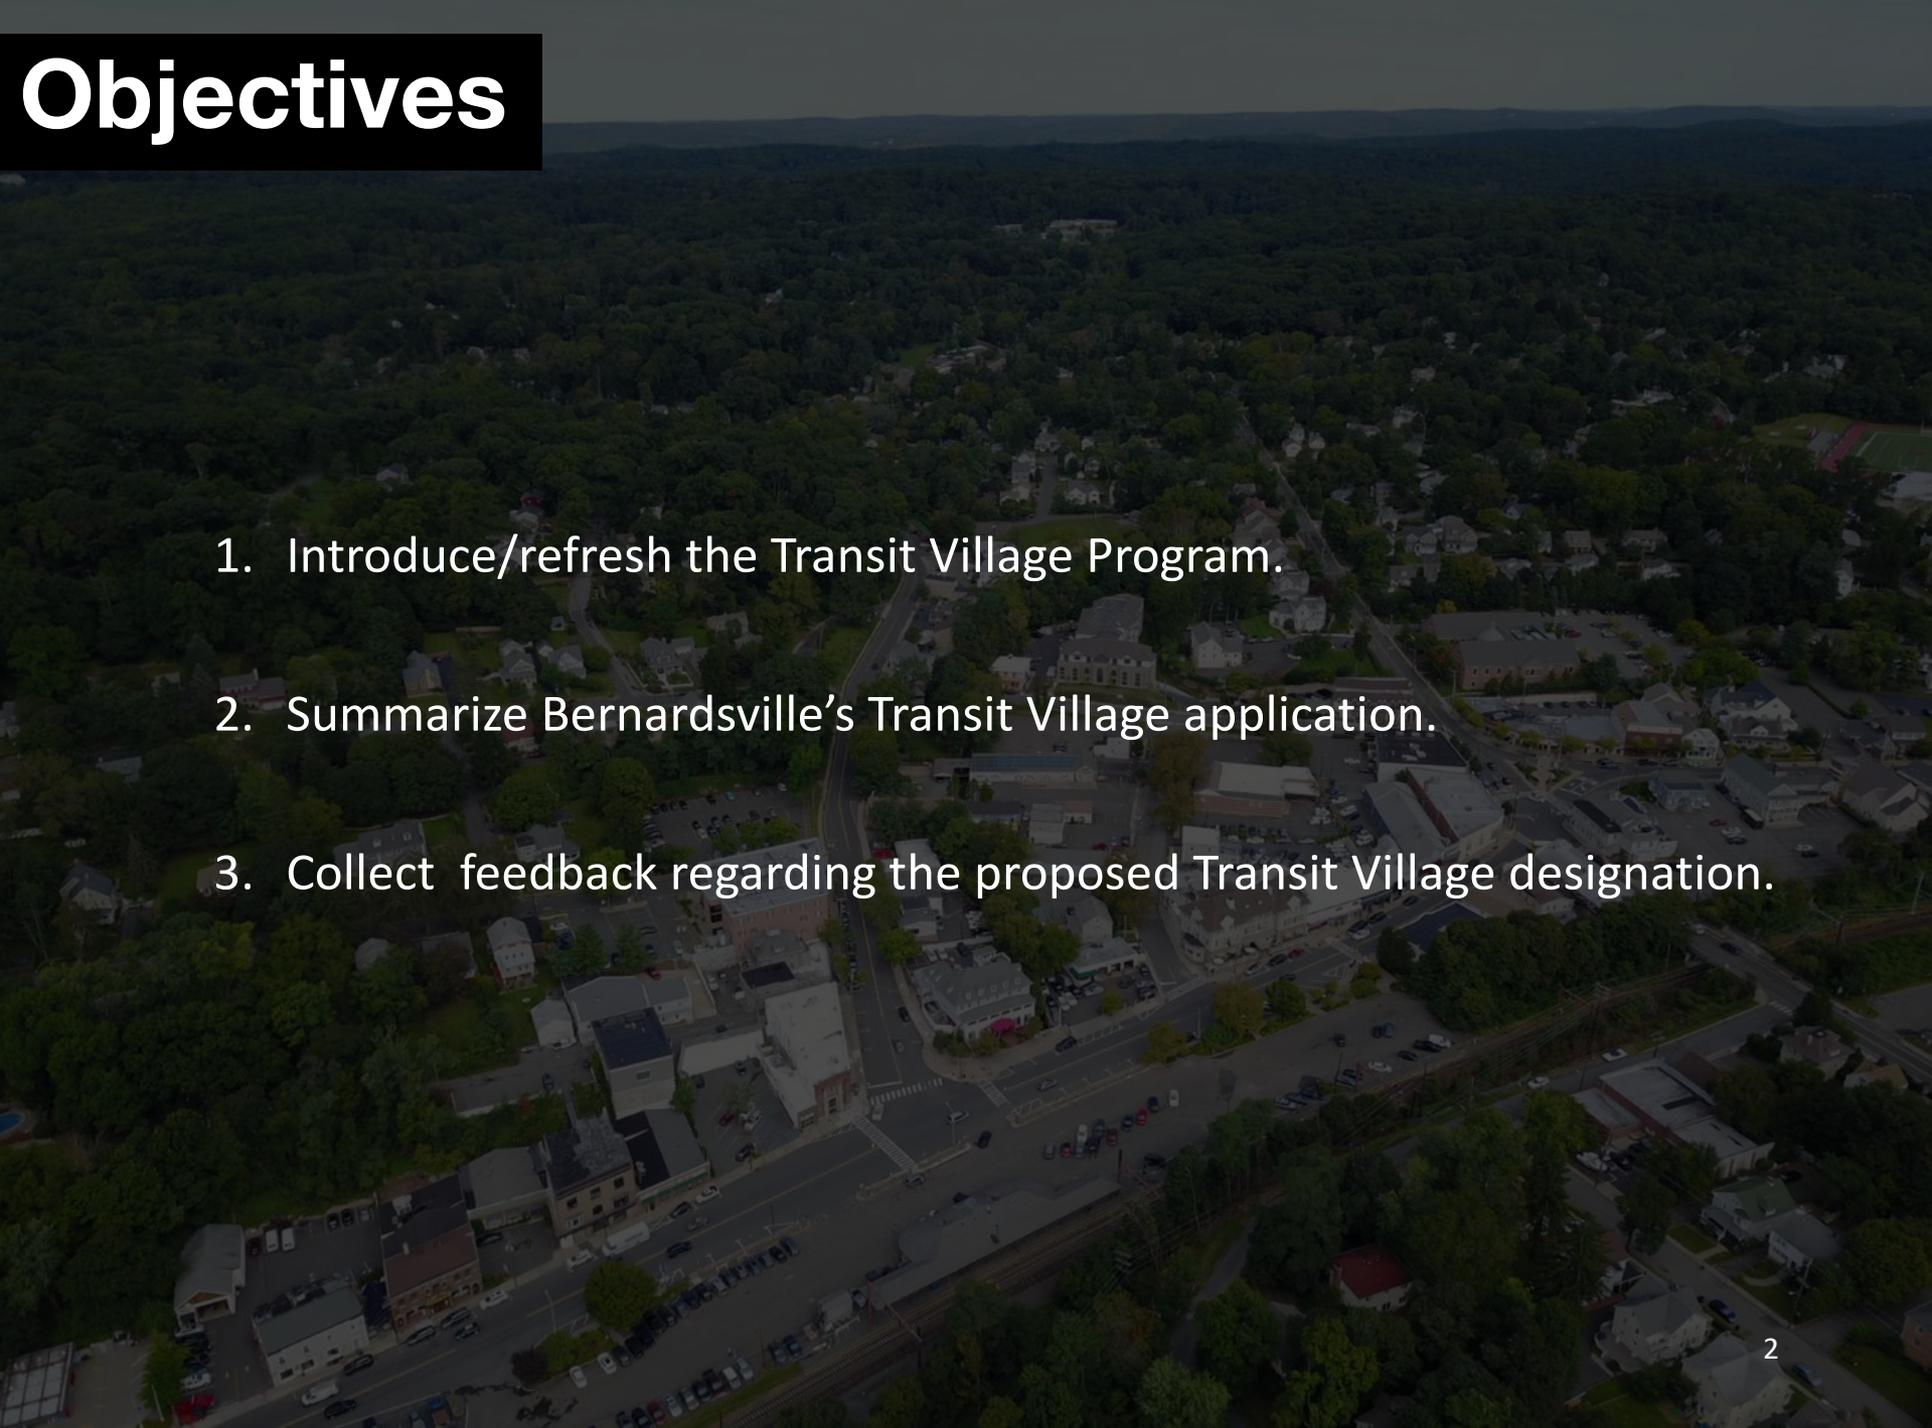

Topology

**Presented to**

Borough of Bernardsville

**December 12, 2022**

# Objectives

An aerial photograph of a town, likely Bernardsville, showing a central street and surrounding residential and commercial buildings. The image is darkened to serve as a background for the text.

1. Introduce/refresh the Transit Village Program.
2. Summarize Bernardsville's Transit Village application.
3. Collect feedback regarding the proposed Transit Village designation.

# Transit Village Overview

- Transit Villages “support Smart Growth, revitalization and redevelopment within walking distance of transit for the purposes of increasing...ridership, reducing congestion and improving air quality.”
- Transit Villages benefit from:
  - Priority funding and technical assistance from state agencies
  - NJDOT grant eligibility
  - Assistance from the Transit Village Task Force
- Key Transit Village criteria:
  - Demonstrate municipal willingness to grow around the transit facility in a transit-supportive manner.
  - Adopt a TOD redevelopment plan and/or TOD zoning ordinance which includes a residential component.
  - Identify sites where TOD projects are anticipated.
  - Identify bicycle and pedestrian improvements.
  - Identify “placemaking” efforts near transit.

# Application Status

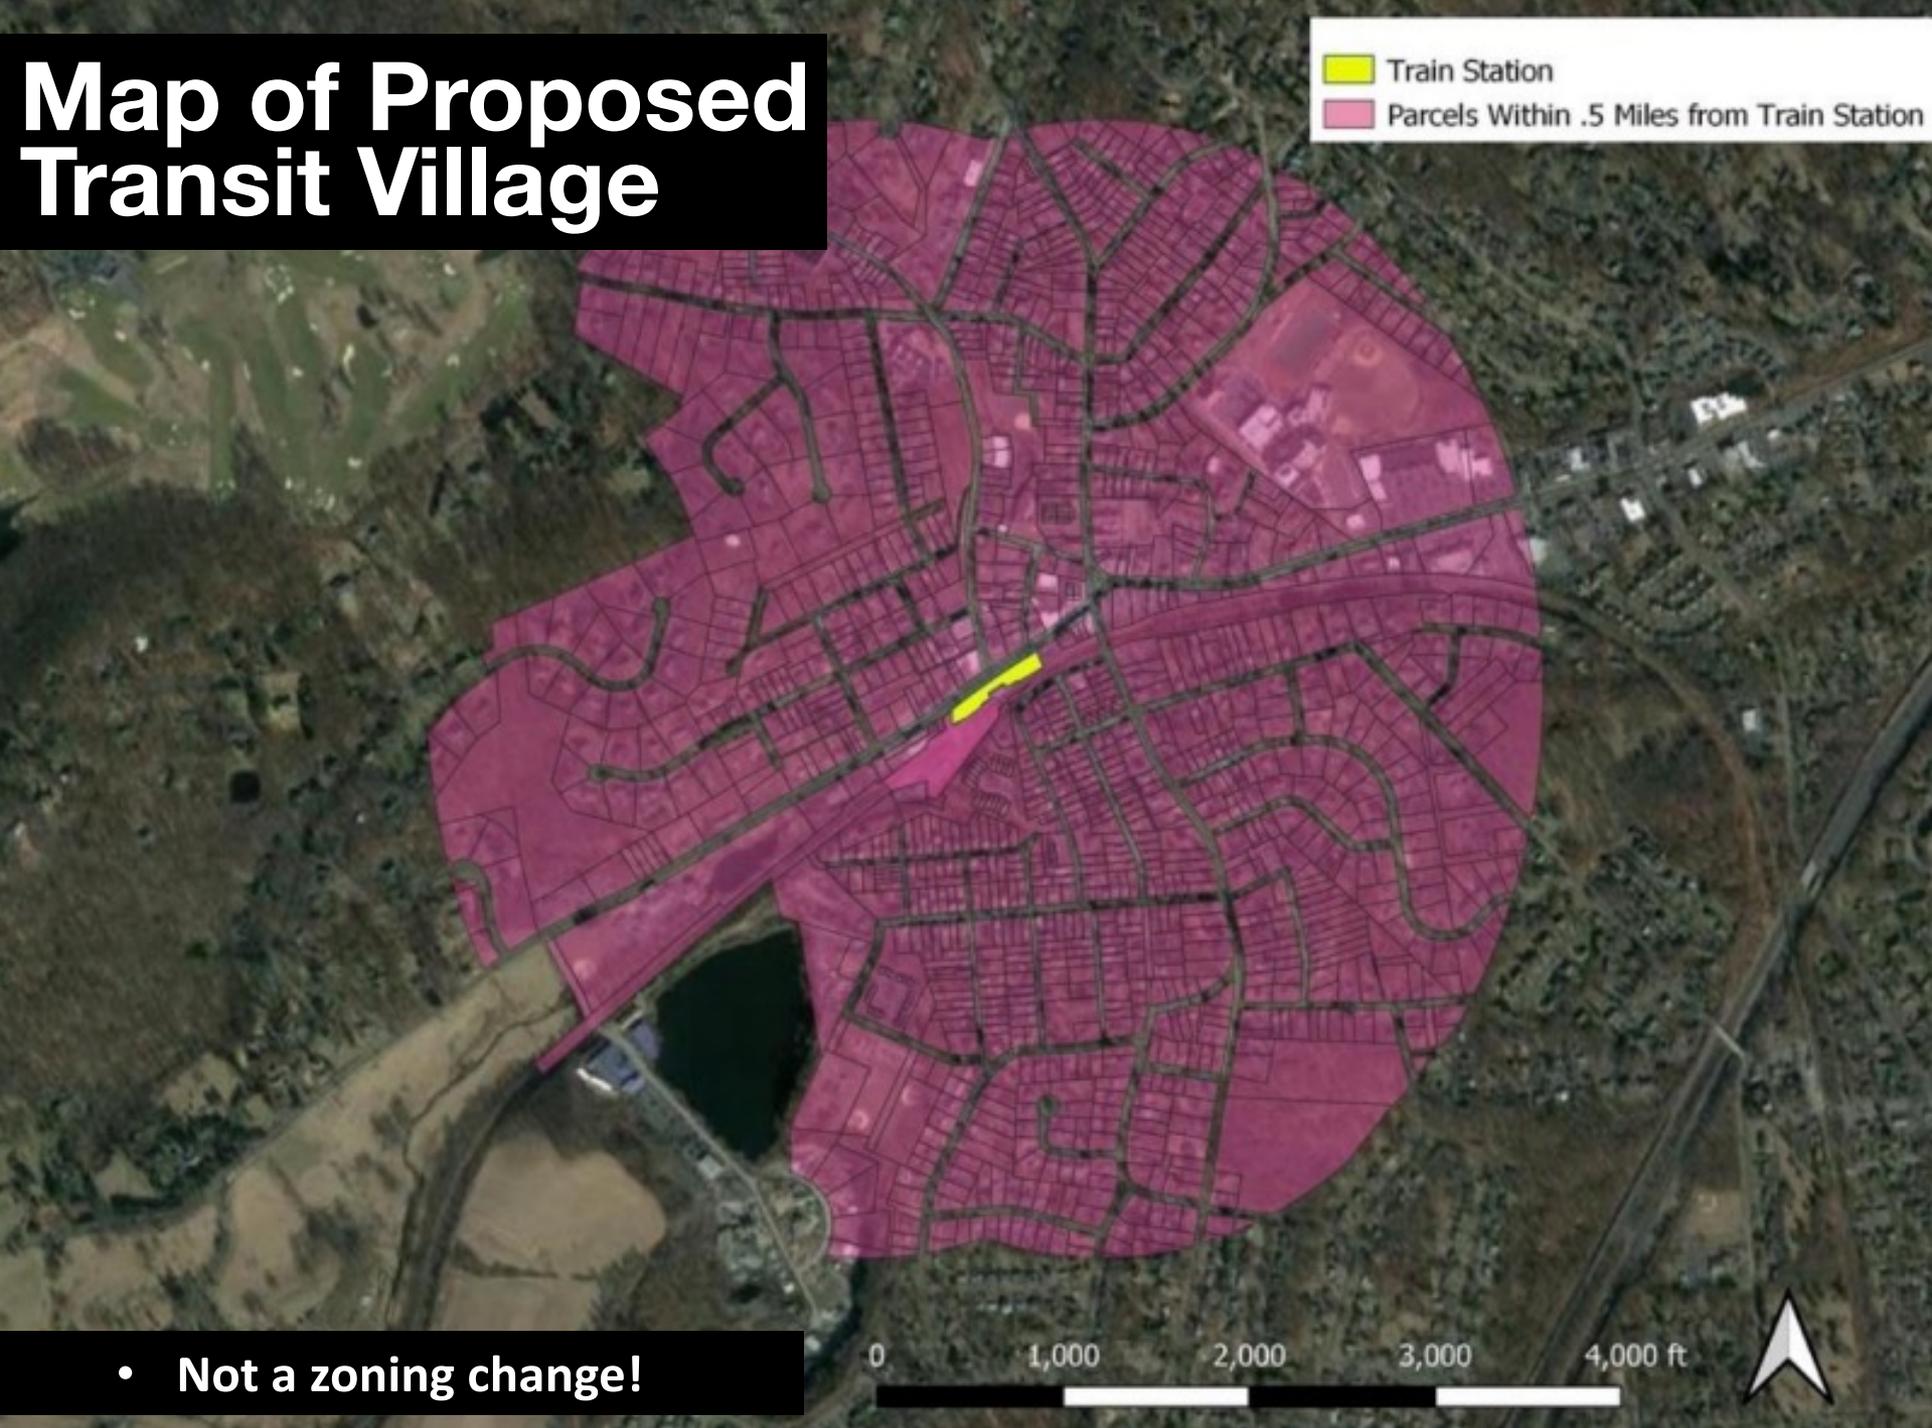

- Topology retained by Borough Council to explore designation in April 2021.
- Resolution authorizing submission of an application to become a Transit Village was adopted in October 2021.
- Topology submitted application in October 2021.
- Since submission, Topology and Borough have responded to questions and comments from NJDOT review committee.
  - NJDOT review committee suggested a public meeting to discuss the application.

# Fulfillment of Transit Village Ideals to Date

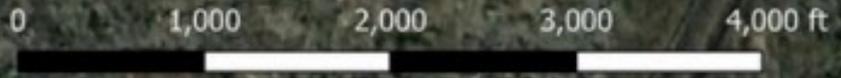

- Adoption of new transit-oriented zoning districts and redevelopment plans, in and around the downtown, that encourage mixed use development and promote walkability.
  - New downtown zoning ordinance
  - Quimby Redevelopment Plan, 65 Morristown Road Redevelopment Plan
- Emphasis on bicycle and pedestrian improvements in recent years. Actions include adopting a Complete Streets resolution, completing a walkability study, pursuing funding for the Boylan Terrace connection and other bike/ped improvements.
- Downtown Bernardsville, Inc. has been engaging the community with the downtown area through local programming and events. The organization operates completely within the proposed transit village district.

# Map of Proposed Transit Village

Legend:  
■ Train Station  
■ Parcels Within .5 Miles from Train Station

• Not a zoning change!

# State Assistance

- TV program provides opportunities for state agency assistance.
- In Bernardsville's TV application, state assistance is requested on the following items:
  - Working with NJ Transit regarding various pedestrian and public space infrastructure projects.
  - Working with the NJDOT regarding potential streetscape improvements along Route 202.
  - Working with NJDEP regarding technical assistance for development around the flood area.
  - Working with the State to identify and pursue funding opportunities for open space development.

# Discussion

- Do you support the Borough's efforts to become a Transit Village?
- What opportunities are there for additional bicycle/pedestrian improvements around the Train Station?
- Do you support continued focus on revitalization of the downtown including growth and mixed-use development around the Train Station?
- Do you support an increased focus on improving transportation service, infrastructure, and connectivity around the Train Station? How so?
- What other assistance should the Borough request from the State?
- Other thoughts?
